Term 4 Week 8 – 2016

Relieving Principal: Jenni McKeon

## PRINCIPAL'S REPORT

### Day at Dungay

Last Wednesday's day at Dungay was a very successful collaboration between the schools. The students played sport games, which had them mixing well. All the students learnt new songs on the ukes, while the K1 students made streamer hangings. Then we sat and watched a joint performance. This was a fantastic day and we are looking forward to more shared days with other schools, such as the STEM day in week 10.

### Assembly

With presentation day next week, there will be no assembly this week or next week.

### Toilets

Last week saw some damage to the girls toilets by students from another school who were waiting for the bus changeover at 3:45. I spoke to the school involved. If you see any inappropriate activity involving students from these buses, please report it to the school involved. This will help keep our school grounds safer.

### If These Halls Could Talk

A reminder that this community event is on the 16th and 17th December. See last newsletter for details.

### Vehicle Conveyancing Subsidy

This subsidy is available to parents who transport their children by private vehicle. There are a number of criteria that need to be met. If you are currently receiving this subsidy, or if you think you might qualify, please see the office as the conditions have changed.

### Social Skills

This week we have focused on saying thank you, in particular sending thank you cards to people who have shown us kindness, given of their time, or gifted us with something.

Jenni McKeon — Relieving Principal

Last week's social skills lesson was on teamwork. There is nothing more satisfying than seeing everyone working together on a project. The children learnt that teamwork can be fun and get a job done more quickly. They also learnt that different people can do different jobs to achieve an objective.

## Music fun at Dungay
