## PRINCIPAL'S REPORT

What a wonderful walk to school I had with several students last Friday on Walk Safely to School Day. It was a great opportunity to talk to students about being safe when walking. It is important to keep our children safe on our roads and to be good role models for them. Some road safety tips that might save a life include:

- \* Always have children enter and exit the car from the footpath.
- \* Children under 8 should hold your hand when walking.
- \* Remind them to "Stop! Look! Listen! Think!"
- \* Teach your children why it is safer to cross at particular places.

I was very impressed with the reports of the behaviour and effort shown by our students at the District Cross Country held last week at Murwillumbah High School. Success is about doing the best you can and improving on what you have done before. Our students should certainly be proud of their efforts.

Scripture students were treated to a visit from Quizworx, a Sydney-based Christian education group, on Monday. It was certainly a different way to have their scripture lessons delivered and lots of fun ensued. This session will replace this week's normal scripture lessons on Thursday.

The 3-6 class were very excited to receive their new maths books this week. K-2 will receive their books shortly. There will still be hands on activities for all students and Mathletics will provide differentiated maths activities on the computer. Your child is welcome to use Mathletics at home. It provides quality maths experiences tailored to your child's maths level.

## SCHOOL STREAM

Tumbulgum PS is on school stream. To access school stream download the app to your device and search for our school. You'll then receive messages from the school via a text message alert. In the event of an emergency such as flooding this will be a wonderful way to communicate quickly. Please see Jeni if you have any questions.
