## **Murwillumbah High School Science Day**

Year 5 and 6 students have been invited to Murwillumbah High School to participate in a Science Day on Thursday 1 September 2016, along with students from Sathya Sai.

Kerri Turnbull, science teacher at Murwillumbah High School will look after our students for the day.

Lunch and recess food may be purchased from the canteen. A menu is attached.

There is no cost for the day. Students will have to provide their own transport or have permission to travel with Ella-Jane's family.

Students need to arrive at Murwillumbah High School at 9:30am and be collected at 2:30pm.

It promises to be a great day.

Jenni McKeon  
Relieving Principal
