Food Allergies

We have a couple of students who are allergic to nuts and eggs.

These allergic reactions can lead to anaphylaxis, which is life threatening.

The following will help keep everyone safe at school:-

- Label lunch boxes and drink bottles with your child's name.
- Remind your child they are not to share food.

We closely supervise eating and make sure that students with allergies sit with their friends away from students with allergens in their lunches, however it would minimise danger if you could avoid sending these in their lunches.

SWIMMING SCHEME

We're all looking forward to going swimming next week. A reminder that goggles are recommended for those with sensitive eyes.

DONATIONS

This week the school received two generous donations, one from the Gold Coast Auto Club and the other from Twin Towns View Club. Both of these donations will be put to good use. We have promised the View Club ladies to put their funds towards our cubby.

BOOK WEEK

Thank you for visiting us last Thursday. What a fantastic turnout! Congratulations too on some amazing costumes. It was a wonderful day and really enhanced your children's love of books.

Tumbulgum Public School is becoming one of the best schools in the area. The principal and teachers are caring and compassionate people who always put the needs of the children first. The grounds are always kept clean and tidy with lots of room for the children to run and play. They also have lots of play equipment for the children to explore, learn and play with. It is a very family friendly environment. It is also very community minded. The only thing missing is they need more students, so if you have or know of primary school aged children in or around Tumbulgum, I highly recommend this school as one you should seriously consider.

Book Week was so much fun! We dressed up. We paraded. We read. We played book games. Thanks to the parents who joined us on the grass for reading and who helped us with such beautiful costumes!
