Small Schools Swimming Carnival

Wow! What a great job our swim team did last Wednesday at Murwillumbah pool. The school came second out of all the Tweed Valley Small Schools. Laloma came first in the 9 years

boys 50m freestyle. Jorja won the girls 10 years 50m freestyle, with Isla coming in third and just short of qualifying for District. Jackson swam very well in the 11 years boys freestyle, but unfortunately just missed out on a place. Lalau came third in the boys 12 years freestyle and swam strongly in the butterfly, winning it, just outside qualifying time. Jorja, Laloma and Lalau all qualified for District swimming this Friday. Fantastic job!

Information afternoon

Thank you so much to those parents who came along to last Thursday's information sessions. It was wonderful to have so many parents in attendance. For those of you who missed it, we've included a quick overview of the year's learning on the next page.

Playgroup

Playgroup is back and we are keen to find some new (or old) families to join. If you know anyone with preschool aged children who would like to meet local families, please mention it to them. It would be lovely if we could return to the days when children started their time at Tumbulgum Public School by attending playgroup.

School Photos

School photos are Monday. We will send out the envelopes as soon as they arrive.

Shout out to Geoff and Dave

It is always lovely to have a helping hand, and never more so when it is these two locals, who donated their skills, sweat and even the materials to construct a fantastic new garden bed just perfect for vegies. We can't wait to get our green thumbs out and plant it up. Looking forward to some fresh veg from our plot.

Shout out to Cranney's Nursery

Wow! Wait until you see the beautiful plants that will fill the new garden bed. Cranney's Nursery is always generous, but this time they have outdone themselves. Thank you very much!

Growth Mindset

The children have begun learning about how they can change their thinking from stuck, fixed and restrictive to open, growing and resilient, to help them be successful learners. I've put a list of growth mindset questions you can use at home to help you find out how your child's day was at school.

Future Focussed Learning Skills

Typing.com

Typing.com is an engaging and fun way to learn how to touch type. This is an essential skill in today's and tomorrow's world. It has entertaining games after you finish each level of learning. One of the trickiest things is to make sure we are using the correct finger and then look at the screen, not our fingers. We are getting much better. Our sign ons for typing.com are tpsname and the password is cat1. Every student can access typing.com at home, but here's what the senior class have to say about this fun program.

Typing.com is exciting and fun and you learn to type. - Zander and Flynn

Typing.com is great because you can learn new things and get better at typing. You can get badges and move to the next stage.—Dylan and Tyson

When you finish a lesson you get to play one of the great games. Writing with certain fingers is called touch typing. We love typing.com. —Jackson and Kingston

You learn how to put your fingers in the right place and it's lots of fun.—Lalau and Tom

You can take a typing test and see how good you are. —Joel and Mia

When we first saw it we thought it was going to be boring but it is so much fun!!! We just started and we are already good at it.—Jorja and Isla

Typing.com is fun but it is also hard. —Iolama and Olivia

It is an amazing website and it is really easy to use. You can change skins on your page and play games after you complete a lesson. You get badges if you get 33 stars on a lesson. Ellia and I have three badges altogether.—Ellia and Josh
