Bunnings Sausage Sizzle

Thank you to families, staff and Tumbulgum residents who helped out at Bunnings on Sunday. After expenses, we made nearly \$1200. A great result for a day's work.

Visible Learning

Teachers are very excited to be involved in a professional development program based on the findings of research involving millions of students over 15 years. It helps students understand how they learn and helps teachers be sure of the impact of their teaching.

As part of the program, we need to gather quite a lot of data from all stakeholders. We have begun asking teachers and students their ideas about learning, but really need parent input as well. Could you please take the time to fill in the short questionnaire attached to today's newsletter and return it to school. Every child who returns a survey will be rewarded with pick from the prize box.

Bikes and Scooters

I've had some concerned Tumbulgum residents ask me to remind parents to talk to their children about road safety as some of our students have had near misses on the roads. Please reinforce safe behaviour, especially staying on the footpath when one is available. Students know that they are not to ride bikes, scooter or skateboards in the school grounds.

Jenni McKeon Principal

Stage 3 had a great day at Murwillumbah High's STEM day. They made ice-cream (pictured), fed the lambs, weighed the chickens, solved some environmental maths, and experimented with chemicals in the science lab. What a wonderful day of learning!

After School Care

Mount Saint Pat's afterschool care is available for our children. They simply catch the 3 o'clock bus to Murwillumbah, which we will assist with them getting on. The bus driver drops them at the door and they are met by a worker on arrival at after school care.

Book Club Issue 2 Due Friday 22nd March.

Order online only. No money at school please.
