Term 1 Week 9 2020

Principal: Jenni McKeon

Book fair

Come along before or after school to check out the great books and costumes!

Corona Virus

The Department of Education continues to follow the advice of the Department of Health.

The school has implemented some important health and hygiene practices to assist in limiting the spread of germs including:

- Enhanced cleaning practices
- Additional provisions of soap and hygiene supplies such as hand sanitiser
- Extra handwashing times
- Education about sneezing and coughing hygiene
- Sending staff or students who show signs of being unwell home
- Postponing events or having them online to reduce the number of people coming into the school and our contact with people outside the school
- Education about the coronavirus so that students feel less anxious but are still keen to follow hygiene practices (see our Facebook post for the link to the simple social story we used).

If you or anyone in your household has any symptoms, please seek medical attention. Tweed Hospital has free testing available.

We understand everyone's circumstances are different, so please let us know if you are concerned or have any questions.

We are committed to your children's safety and education.

Jenni McKeon
Principal

TERM 1 2020

Week 11	Thursday 9 April—last day of term 1
Term 2	Monday—27 April—Staff return
Week 1	Tuesday—28 April—Students return

The Commonwealth Bank has temporarily suspended School banking until Term 2.

We have decided it is best to cancel tomorrow's planned meeting about maths.

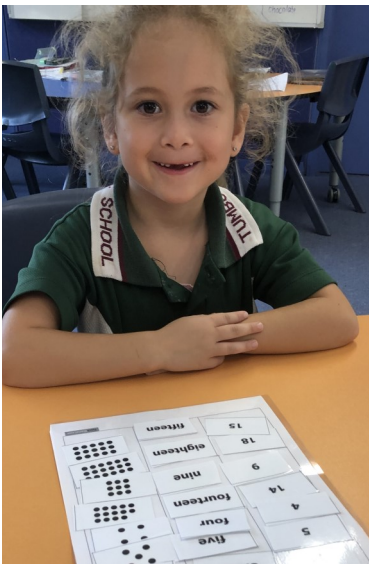

We know you still want to know more about how your children learn maths, so we will be posting a series of short informative videos on Facebook. The first one went up today.

Maths!

In Kindergarten and Year 1, students are learning to count, match numbers to words and groups of items, and how numbers work together. They are also learning to tell the time on the hour and half past the hour.

We love hands-on activities and games, especially when we can learn with our friends.
