At Tumbulgum Public School we acknowledge the traditional custodians of the land on which we learn, the Bundjalung people. We pay our respects to Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander people. As we grow and learn at school, we take the lessons of the past and work together to create a future that honours Aboriginal and Torres Strait Islander contributions and builds connected pathways.

Term 3 Week 1

Principal: Jen McFadyen

Welcome back to Term 3. This term we welcome Trish Stewart. She is an experienced teacher who will be working with both the senior and junior classes. Mrs Stewart is with us Monday to Friday for Semester 2.

Hats

Our hats have arrived! This morning we replaced everyone's lost hats courtesy of donations. Replacements are available for \$15.

Winter Health

Thank you for keeping your children home when they have cold and flu symptoms. To help you keep monitoring for COVID, we are sending home tests again today for each family. I have summarised the Department of Education guidelines for Term 3 on the back of this newsletter.

Enrolling for 2023

Do you know anyone with a child who would like to attend our school in 2023?

We have plenty of room and are keen to take enrolments now for the new year. Kindergarteners are especially encouraged so that they can participate in an orientation program.

Term 3 COVID-safe guidelines

The Department of Education has issued new guidelines for schools. Here are the important points:-

- Students who test positive must not attend school until their isolation period ends and they are symptom free.
- Students who are close contacts must return a negative test daily for 5 consecutive days before attending school. The school should be notified if students' family members test positive to COVID-19.
- Stay home and get tested if unwell. Only attend school if symptom free.
- We will maintain good hygiene practices and maximise ventilation.
- We will also provide families with RAT kits—which are especially important for daily testing of close contacts. If you are requiring more, please ask.
- Please remember that positive RAT results must be registered with Service NSW.
- Keeping up to date with vaccinations—COVID and flu—will reduce the risk across our community.
